The Project Description for Malathion
Document Review--Project Descriptions

Hey Anita,

Attached are the project descriptions for chlorpyrifos, malathion, and diazinon. After taking a quick look through them, it looks like most a summary of pesticide language and our NLAA/LAA calls. The Consultation History is blank for now and does not discuss any proposed mitigation. I was going to forward these to PRD to review, but wanted to check with you first.

Phil
